How the Site Was Selected. Mr. McGiorgon, N. Y., July 29.-It is learned that before Colonel Grant went to New York to select a site for the General's sepuichre, Mrs. Grant requested him to learn the wishes and opinious of those with whom he consulted on the subject, and if there seemed to be imanianty in favor of any spot which the family had not considered, to give such Inclination due weight. It is also known that the visit to Watch Hill was not acchleutal. The spot was known to Mrs. Grant, and had been spoken of favorably

by her, though the favored locality with all the family was the mall in Central Park. When, therefore, the Colonel reported a general impression among the city authorities in favor of the Riverside Park, and added his own satisfaction with that site, the decision was quickly and reasily arrived at. Dr. Newman is quite in carnest in his belief that the memorial to be erected over General Grant's body should not be conventional and meaningless, like the regardle shaft of the Washington monu-ment. Mr. McGregor, N. Y., July 29 -Th detail of regulars who reported toguard duty yesterday morning are fron Pt. Niagala, instead of Ft Porter, as au nounced.

The regulars have changed their cam; ground to a point near the Eastern look out, in order that the cottage may preserve its sectusion. The military bearing of the men as they marched past the hotel was the subject of much favorable comment to those upon the verandas Dr. Newman is busily engaged pre paring his discourse to be delivered at the family funeral on August 4th H advocates the erection of a temple structure above the tomb of General Grant, in which shall be placed all the memonioes and trophies of the old hero He also urges that any commemorative architecture at the tomb shall be of utility to be sugar or of utility in view of the fact that General Grant, of all other men, was a man of audity. The aloctor incidentally expressed the opinion that Riverside Park was a lonely spot for burial

Mrs. Grant passed the day as usual in the upper rooms of the cottage Douglas says that she is very much de-pressed, out that physically, she is as well as usual, and not by any means a subject for a physician's care.
It is understood that 25,000 members of the Grand Army of the Republic have placed themselves at General Hancock's disposal, with the urgent request that they may appear in a body on the occasion of the fluid obsequies in New York A detail of light articlery has been ordered here by General Hancock from Fort Adams, to be used in firing salutes on the movning of August 3d and 4th. Yesterdry afternoon the most chaborate floral piece yet received came. It is a large phlow of white immortalles, on which is a sword of colored flowers, crossed by a floral fac simile of the epaulettes of the General. It is inscribed "Comrade U. S. Graut—From Mende Part No. 1. C. a. E. 1900 delibitat"

Post No 1, G. A R., Philadelphia.' The Temperary Tomb. NEW YORK, July 29. - At twelve o'clock yesterday Architect Mold, of the Department of Public Parks, had completed the plan for the temporary vault which is to contain the body of General Grant until the erection of a permanent tomb. It is to be made entirely of brick. Within it will measure tweive by seven feet. It will be four feet under ground and will be sur mounted by a barrel arch, with rims of brick. In front tires a cross. A large fron door will give access to the plain comented interior. On each side will be four cross-shaped openings for ventila-tion. The front will face the river. The vault can be seen from Haverstraw.

"Halt! Who Goos There?" Mr. McGregor, N. Y., July 29 .- The digliance of the guard is so thorough that Jesse Grant and Harrison, the late General's body servant, were both halted at different times last night while ap proaching the cottage and required to prove their identity before the sentry allowed them to pass.

Washington's Protest.

WASHINGTON, D. C., July 29 .- The neeting called for last night at Willard's Hotel to urge the interment of General trant's tempins in Washington was largely attended. Ex-Congressinan Dezndorf, of Virginia, presided, and a committee, consisting of General Beale, Jno. A. J. Cresswell and Colonel Burdette, was appointed to present resolutions to the Grant family and urging the interment in Washington. No assurance was given that any of these gentlemen will ict. A few informal addresses were de-livered and the meeting adjourned

Will Not Modify His Order

WASHINGTON, D. C., July 29 -The question of a modification of the Presi dent's proclamation ordering the cattle men out of the Indian Territory was discussed at yesterday's Cabinet meeting. and a decision unfavorable to the cattlemen was reached. When the meeting idjourned, Secretary Lamar sent the fol-'owing dispatch to General R. Blanchard. in New York, who, on behalf of the cat llemen, presented the appeal for a modideation of the proclamation:

After further consultation with Generalian and tull consideration in Cabine sheratan and toll consideration in Pathnet usefulg on the abbject of your application for an extension of time until April mext for the removal of the cattle from the reservation, the President declines to modify his are proclamation. I send you this to avoid also prechension or delay.

Grant Monument at Springfield

The Grant Monument Association of

Springfield is in receipt of a communica

tion from Prof Rupert Schmid, the sculp

tor of New York Oity, in reference to the

me ument to be erected at Springfield in

memory of Gen Grant. Last April Prof.

Schmid modeled a bust of Grant, the first

one ever taken of him from life. This

bust has been highly recommended by artists and family friends of the General

Prof Schmid proposes to exhibit the bust

to the Association with a sketch made by

him of the General at his death bed The

bust is now on exhibition in the Gover

The local Grant Monument Association

will have an early meeting to complete

the organization, as required by the laws

of the State Now that it has been set-

tled that Gen Grant will be buried in

Association will doubtless decide to erec

a suitable monument on the State House

at as early a day as practicable will take

steps necessary to reach a conclusion as

to what is best to be done. The disposi

Captain Brown a Disinfectant At the meeting of the city council last evening Capt W J Brown, the wellknown pharmacist, was granted permission to canvass the city without license for the sale of his King disinfectant and deodorizer, a preparation that he has been working on for several years, and has finally brought it to a state of perfection It is powerful and instantaneous in its effect a recent test proving to Ald Starr that it is the best decodorizer on sale in the country A good reliable disinfectant is always in demand. Capt. Brown has the article It has been analyzed by Chicago chemists, who pronounce it better than any other known. Captain Brown has the disinfectant in thud, powder and bulk, and will no doubt meet with great success in the sale of the same, not only in Decatur but through out the country

Thus many of our best young men

It may be said that the night work necessitated and the personal danger attendant on a diligent prosecution of this industry hat much to do with its neglect. It is held for instance that the law affords equal—and somewhat similar—opportunities and that the law is a profession that can be followed by daylight and that the risk of encountering stray particles et lend is not so great as in the kindred pursur of burglary Still lawvers are under no social ban and so until recently law has been fre forred to burglary
